

# ACCOMMODATION

Ronda is a very popular city, so there are many different types of accommodation available. However, during peak season (May - October), we would recommend that you reserve your accommodation early. There are many websites (idealista, pisocompartido, enalquiler, Airbnb...) where you can find rooms in shared apartments or even private apartments and houses. As part of our efforts to help students with the preparation and organisation of their trip, we at Entrelenguas, as well as helping them achieve their linguistic and cultural objectives, can also help students with the search for accommodation, and can make recommendations so that their stay in our city is as comfortable as possible.

## Homestay with Host Families

Being able to experience the local customs of a typical Spanish family will massively contribute to the linguistic and personal development of the students. The local families we work with have been carefully selected by means of a strict interview process, which ensures that the students feel at home. We will allocate students to a family based on specific criteria such as; age, common interests and customs, even whether they have pets, etc. in order to best serve the interests of the student.

Students can choose between half board or full board. Half Board includes accommodation, breakfast and lunch OR dinner, whereas Full Board includes accommodation, breakfast, lunch AND dinner. Couples or friends who would like to stay together can share a room for a reduced price. Please see the table below for further details on pricing.
